To whom it may concern

>B< MaxiPro has undergone extensive testing to international, national and industry standards. >B< MaxiPro is UL 207 certified, certificate no. SA44668. All fittings are manufactured in accordance with accredited EN ISO 9001:2000 Quality Management Procedures.

The Warranty is a 15 year guarantee against faults caused by defective manufacture of the fittings. It does not cover faults arising from incorrect installation, use or servicing. The warranty covers installation using copper tube conforming to the >B< MaxiPro - Tube compatibility table, which can be found in section 16.9 of the Conex Bänninger >B< MaxiPro Technical Guide.

The warranty covers the replacement of refrigerant gas from the installed system only, provided that the fault is caused by defective manufacture of the fittings. If the fault is deemed to be an installation error, the refrigerant gas is not covered under the warranty.

Reece will warrant >B<Press fittings installed using any of the following tools:

- Rothenberger Romax compact (1/4" – 1 1/8").
- Rothenberger Romax TT (1/4" – 1 1/8").
- Rothenberger Romax 3000/4000 (1/4" – 1 1/8").

All >B< MaxiPro fittings must be installed by a tradesperson licensed to work on systems containing refrigerant.

For further detail on the correct installation and application refer to the Conex Bänninger >B< MaxiPro Technical Guide on the Conex Banninger website <http://www.conexbanninger.com.au/>

Yours Sincerely

Eric Barsky
